Grants Development

Clients receive turnkey grants development services that include expert-conducted needs assessments, program design, proposal writing and budget development. SPSPG continually stays abreast of grant opportunities and analyzes these opportunities for our clients on a regular basis. We seek partnerships with clients who share our commitment to excellence, have clearly defined strategic goals for their proposed grant programs, and have reached an appropriate stage of readiness for implementation which aligns with funders' priorities.

Our expertise includes the U.S. Department of Education, U.S. Department of Justice, U.S. Department of Health and Human Services federal grant programs, State Department of Education program grants, private and corporate foundation grants.

Secure the Funding You Need

SPSPG offers affordable, full service grant proposal writing services designed to assist schools in securing the funding they need to meet and exceed their mission, program goals and service priorities.

SPSPG's professional grant proposal writing services include the planning of the grant program (along with your organization and its partners), writing the full narrative, development of budget detail and budget narrative, and timely submission of the finished proposal. Every step of the grant writing process is designed to incorporate strategic planning and continuous evaluation between our grant writing team and your staff and stakeholders, so that the resulting proposal produces results and solutions that are customized to fit your needs and reflect your initiatives.

- » Offering grant alerts, publications, and training opportunities
- » Assisting with no-cost extensions

Our Commitment

We are committed to providing top quality grant writing and grant management services that are tailored to meet the specific budgetary and project needs of your organization. From competitive discretionary grant writing to foundation, family trust, and corporate grant writing, our grant development teams have the expertise to prepare successful proposals that are more likely to be awarded and implemented with limited constraints on your staff and your time.

By assisting your organization in navigating the complicated funding bureaucracy and enhancing collaboration among groups that can positively impact your community, we are able to remain focused on finding and securing adequate funding for your unique needs.

Our fee structure for grant writing and grant management services differs from one school to another. SPSPG's fees are affordable, adaptable, and tailored to meet the specific criteria of each and every client. We would be happy to discuss this bottom line concern with your administration at any time.
